Re: Financial assistance for breast cancer patients

This letter is being written to the Breast Cancer Assistance Fund to express my gratitude about how much you have helped our breast cancer patients here at UF Health Shands. Many of our patients experience financial hardship during their treatment of breast cancer due to not being able to work. Many times you have paid a utility bill, a monthly car insurance payment or a rent payment. You have also provided gas gift cards so the breast cancer patient can get to our facility for treatment. Once you even helped a single parent with a Visa gift card so that she could buy her children clothes for the new school year.

Not only am I grateful but it is also a real blessing for me to be able to be part of helping them through your foundation. I appreciate how easy of a process it is to help the patient apply for your assistance and how quickly the foundation responds to the requests. All of women have been extremely grateful for your financial assistance and I see a sign of relief on their faces because of your help.

Thank you so much for all that you do for our breast cancer patients.

A handwritten signature in black ink, appearing to read "Jennifer M.", with a stylized flourish at the end.
